

JESSICA LOO

PhD Student, Duke University
jessica.loo@duke.edu

EDUCATION

PhD, Biomedical Engineering, Duke University

2017 – Present

4.0 GPA

GRE® Quantitative reasoning: 170 (97th percentile)

Verbal reasoning: 163 (92nd percentile)

Analytical writing: 4.5 (82nd percentile)

MEng, Biomedical Engineering, Imperial College London

2011 – 2015

1st Class Honours (equivalent to 4.0 GPA)

RESEARCH / WORK EXPERIENCE

Duke Reading Center

August 2017 – Present

- Developing image analysis software for optical coherence tomography (OCT), scanning laser ophthalmology (SLO), and microperimetry images.
- Analyzing OCT, SLO, and microperimetry images for clinical studies and trials.

Vision and Image Processing Laboratory, Duke University

August 2017 – Present

- Developing deep learning-based algorithms for clinical applications such as the automatic segmentation and quantification of biomarkers in retinal and corneal diseases on OCT and slit-lamp images.

Neuramatrix Sdn. Bhd.

January 2016 – May 2017

- Developed a deep learning-based algorithm in Python/TensorFlow for a property insurance company to automatically classify property age based on Google Street View images.
- Developed image processing algorithms in C/C++ such as the automatic detection of salient points in images.

Developmental Biomechanics Laboratory, Imperial College London

June 2014 – August 2015

- Developed a diagnostic test in MATLAB for the classification of fetal health based on leg and head movement parameters modelled and extracted from clinical cine-MRI scans.
- Developed algorithms in MATLAB to semi-automatically track the positions of the hip, knee, ankle, and spine in fetal cine-MRI scans for investigations into how skeletal development is affected by fetal movement in the womb, particularly in hip dysplasia cases.

A W A R D S	
John T. Chambers Fellowship Program (Duke University) One Year Special Award	2019 – 2020
John T. Chambers Fellowship Program (Duke University) One Year Special Award	2018 – 2019
Medical Imaging Training Program (Duke University) Affiliated Scholar	2018 – 2019
Duke Ophthalmology Trainee Day Scientific Symposium (Duke University) Best research presentation award	2018
Fitzpatrick Institute for Photonics Symposium (Duke University) 2 nd place poster award	2018
Stephen Richardson Prize (Imperial College London) Best MEng project award	2015
Engineering Dean’s List (Imperial College London) Top 10% of the class	2013, 2014, 2015

TECHNICAL SKILLS	Windows OS, Linux OS, MATLAB programming, C/C++ programming, Python programming, TensorFlow, MatConvNet, SolidWorks, PSPICE, LTSPICE
OTHER QUALIFICATIONS	Machine Learning by Stanford University (Coursera certification: WBV7QCZLNFZV) Trinity-Guildhall Music Performance, Grade 8 (Piano); ABRSM, Grade 5 (Music theory)
